

Report on distribution of Material to women and Children Institutions of the State Government

A group of five OTs of the 86th Foundation Course visited the Women and Children Institution i.e. Service Home, State Home, Children Home and Old age Home etc. which are maintained by the State Government, Department of women and Children located at Yousufguda on 9th December, 2011 at 8.30 a.m.

The purpose of visit is to distribute some essential requirements for the residents that were bought out of the earnings from the **Fete** organized by the Officer trainees during the 86th foundation course.

Following are the Items donated and distributed to the Institutions by the Officer Trainees

Service Home (Poly Technique College Students)	Old age Home	Children Home (School Going Girls)	State Home (Destitute women)
10 Calculators	One Electric Rice Cooker	50 Blankets	10 Blankets
50 Dress Material	15 Sweaters		
10 French Curves			

To put concisely, it was a heart touching occasion for all of the OTs. The very fact that they could help the residents in a small measure was highly gratifying. The residents were immensely grateful for our help, a meager one though. All of them carried back the message that a small help extended can make a great difference in lives of the concerned individuals and can also make one feel a meaningful part of society. This lesson would remain with them throughout our entire lives.
