Dr. MCR HRD Institute Organises Telangana Orientation Program for Officers of Three Districts at Khammam

Dr. MCR HRD Institute of Telangana organised “Reorientation and Capacity Building Program for District Officers of Khammam, Bhadradri Kothagudem, and Mahabubabad in the Context of Telangana on May 27th, 2017 at Rajpath Function Hall, Khammam.

Sri Ramachandru Tejavath, IAS (Retd.), Special Representative of Telangana in New Delhi, in his Inaugural Address, paid rich tributes to the heroic struggle of Government employees in getting Statehood for Telangana and called upon them to continue to contribute their optimum best, with the same enthusiasm, for realising the dream of Bangaru Telangana. “The employees of Telangana possess, in abundant measure, the required ability and talent. However, this is not enough. The need of the hour is to demonstrate a high level of motivation in performing their respective jobs”, he said. He stated that sole dependence of the District Officers on the authority provided by their respective positions has become a thing of the past and advised them to enrich their ‘person power’ by acquiring job-related competencies, learning inter-personal skills, and improving leadership skills. He said that collaborating with colleagues, rather than working in watertight compartments, would be a win-win proposition, considering the fact that different employees possess different core competencies. He said that blind obedience to directions of a boss amounts to abdication of responsibility and added that two-way communication and brainstorming among team members would result in multiple beneficial outcomes for organisations.
