PLA EXPERIENCES...

Of Team members

- Team spirit
- Effective way to study anything in short span
- Discovered remarkable artistic & spatial intelligence
- Understand the inherent potential of villagers to come up with innovative ideas for own problems

Of Villagers..

- An apt platform for constructive discussion
- Birds eye view of village
- Sense of control over problem solving
- Emergence of innovative ideas
- Well educated people listens to us
- Sense of belongingness & community consciousness

LESSONS LEARNT..

- Small group dynamics during adversity.
- Mouldability to survive with minimal amenities.
- Beauty of simplicity.
- Altruism & large heartedness of villagers.
- Real value of water & food.
- Enormity of impact of policy decisions.

Thank You
