# KALUGONDAPALLI ROLE MODEL VILLAGE FOR INDIA ?

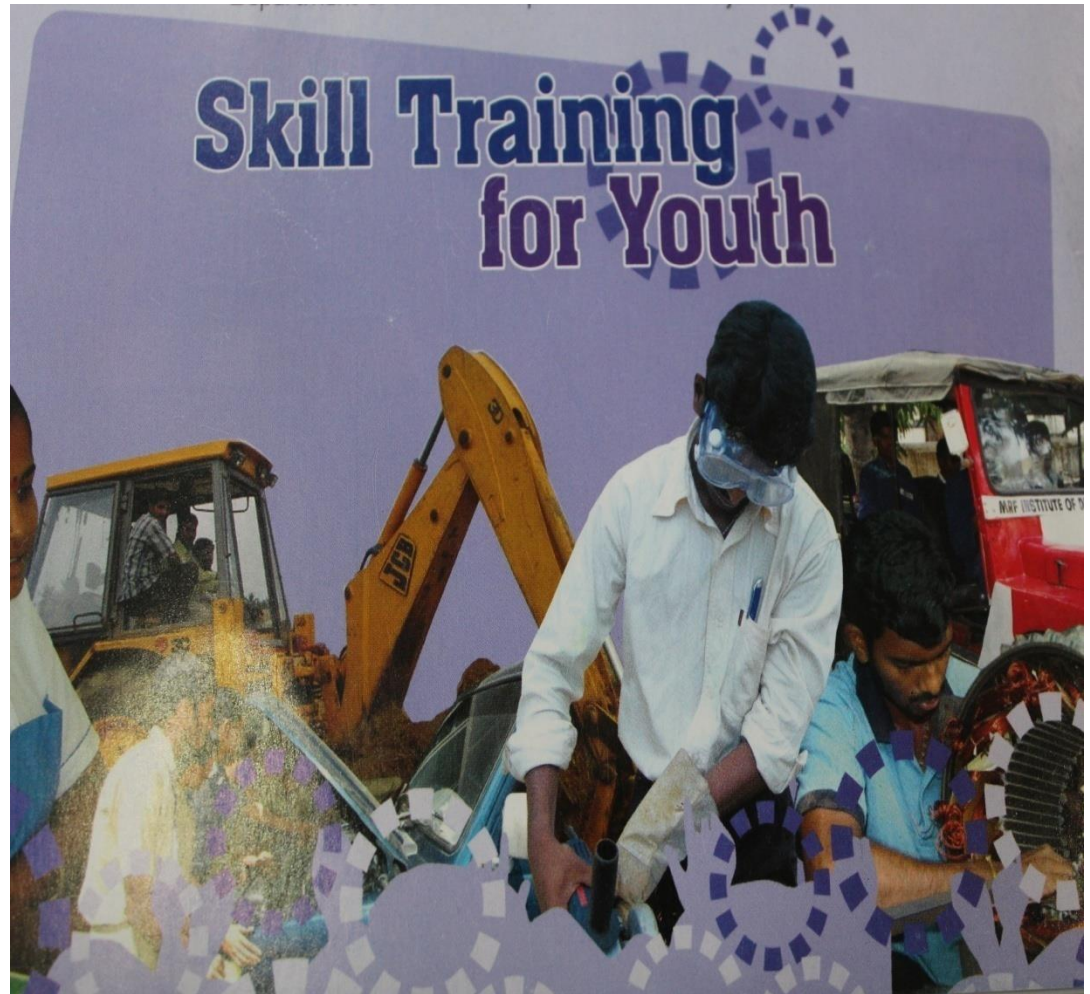

# PRIMARY SCHOOL IN VILLAGE

- Activity based learning
- Efficient teaching kit
- Importance for moral values
- Maintaining n no. Of registers

# TRANSFORMING THE LIVES OF MANY

- Training imparted as per suitability for differentially able people , destitute women
- Capacity building for youth
- Strive for the development for the target poor

# MAXIMUM UTILISATION OF SCARCE RESOURCE

- Practice of multi cropping due to the none availability of land
- Drip irrigation----- rainfall deficient areas
- Use of pungam seeds as indigenous fertilizers
- Harnessing the solar energy to reduce dependence on fossil fuel

## ANGANWADI UNDER ICDS-GOLDEN CRADLE FOR INFANTS

- ☐ Clean environment in the cooking area
- ☐ Efficient use of the available space
- ☐ Target group includes of 25 – 60 months, lactating and pregnant women, and adolescent girls..
- ☐ Maintenance of the record and weekly report of the service done to supervising officer.
- ☐ Lesson plan for pre schoolers

## Efficient grassroots governance

- ❑ Presence of dynamic working woman group within panchayat union
- ❑ Tax collection is appreciable
- ❑ Use of PRIASOFT in panchayat office
- ❑ Easy access of the panchayat office to people (venn diagram)
- ❑ Cemented roads, CFL lights, proper supply of drinking water..

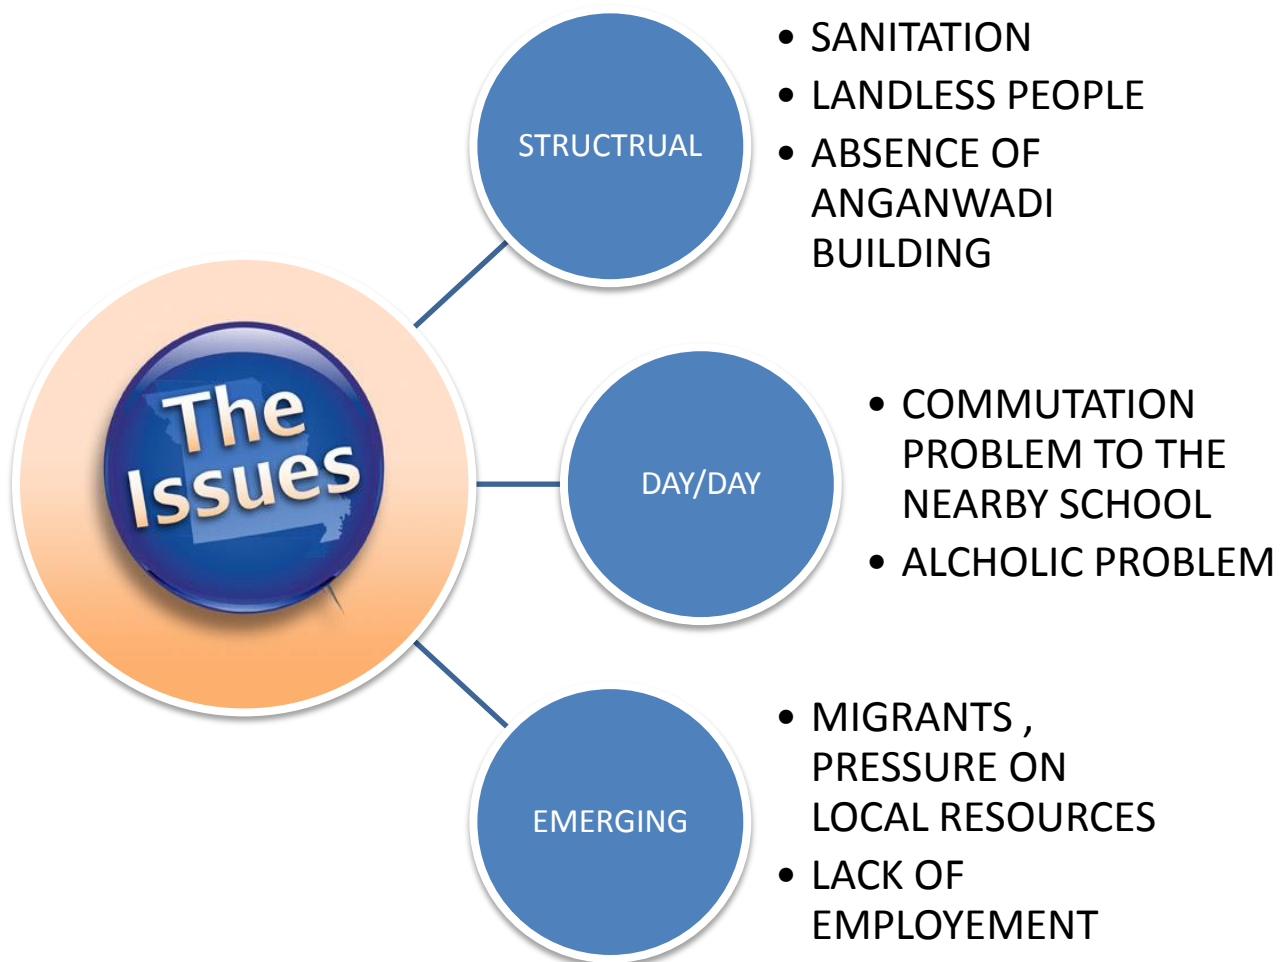

# VPRC—A BOTTOM UP APPROACH

- Role model of governance
- Socially inclusive model
- Development as per local needs
- Location specific self entrepreneurship
- Skill training
- Capability building approach

# Recommendations

- More importance for sanitation and waste management
- Land use policy
- Establishing primary health centre
- Physical infrastructure
- Capacity building as per local needs
- Separate bus for children –school

# Futures challenges

Potential of increasing industries –  
may reduce agricultural lands

Challenge is maintenance of basic  
public services and civic amenities

# LESSONS LEARNT FROM THE VILLAGE LIFE

- Learnt to live with minimum resources
- Learnt to respect culture
- Village traditions are not mere superstitious but with some scientific background
- Higher priority to local needs instead of generalization
- Hospitality, love, affection
- To be comfortable in our own skin
- Importance of education and awareness
