What is the difference between Match stick and us....

A match stick is having HEAD only but we have
HEAD as well as BRAIN

One tree makes one lakh match sticks but one match stick can burn one lakh trees.

Moral: Negative thought can burn all positive thoughts

Listen to everyone and
Learn from everyone,

Because,

“Nobody knows everything”

But

“ Every one knows something”

“Life is continuous challenge and an unending struggle.”

“ We are not made rich by what is in our pocket but we are rich by what is in our heart.

- Negative thinkers focus on problems.
- Positive thinkers focus on solutions.
- Never hold your head high with pride or ego.
- Even the winner of gold medal gets her medal only when she bows her head down.

Our LIFE is as good as our hand. All the fingers are not of the same size. But if we bend and adjust all the fingers are equal. Similarly if we adjust and bend in our life, everything will be fine.

There is lot of distance between
Human Being and Being Human.
Please take a step every day to reduce
the distance.

Try to do better for future.

True with your work.

Trust in yourself.

Then success comes on your way.

- GOD IS NOT THE SOLE AUTHOR OF OUR DESTINY;
- WE ARE ALSO THE CO-AUTHORS OF OUR DESTINY;
- IF WE DO THE BEST, HE WILL DO THE REST.

Fantastic lines of Mother
Terresa:

“ If your eyes are positive, you
will like the world....

If your tongue is positive, the
world will like you.”

“ELECTRIC POWER is LIMITED,
don't use it UNLIMITED. Our INNER
POWER is UNLIMITED, don't use it
LIMITED. Awaken your INNER
POWER to make life HAPPY. “

Anything in this world is valued

Only in two situations:

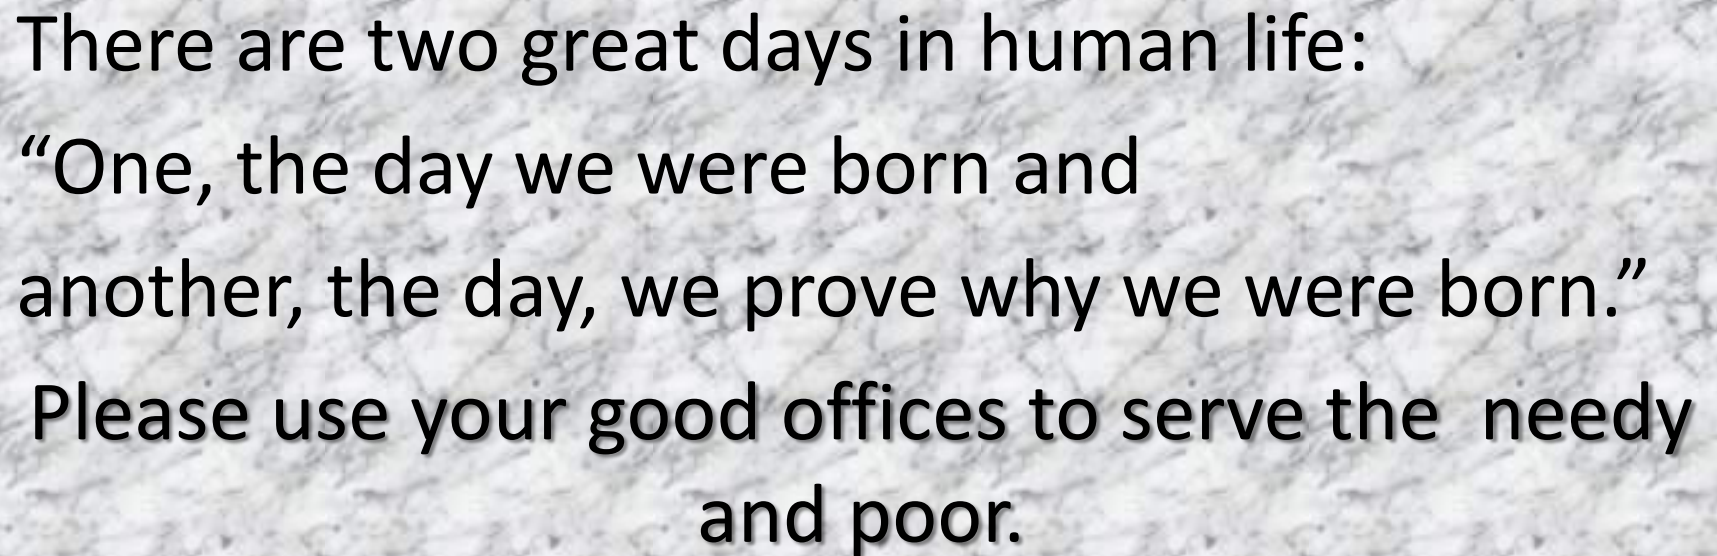

First, Before getting it.

Second, After loosing it.

Strange but true.

Its slow when V wait,
Its fast when V r late,
Its long when V r sad,
Its short when V r happy.
In fact TIME is determined by
our mental status, Not by clock.

If God meant each day to be perfect,
HE would not have created tomorrows,
So don't worry if today is not that PERFECT,
U still have tomorrows.

The background of the image is a piece of marbled paper with a complex, swirling pattern of light beige, cream, and greyish-blue tones. The pattern resembles natural stone or organic growth.

There are two great days in human life:
“One, the day we were born and
another, the day, we prove why we were born.”
Please use your good offices to serve the needy
and poor.

Our Life consisting of three pages:

First page birth,

Last page death.

In between one empty page where

We have to write certain contributions
made to the society to be read by the
future generations.

Memorable lines.....

Its not important to go to heaven after we leave this earth but its important to create heaven in someone heart before we leave.

Relationship does not shine by shaking the hands in the best times.

It blossoms by holding the hands firmly in critical situations !!!

Make a difference.....

“ Criticism, like a rain, should be gentle enough to nourish a man’s growth without destroying his roots”.

Best motivating lines:

“ Waiting to win is common to all.
But working to win is the style of a
champion.!

“ There is no road in the world that goes to happiness”.

But

“Happiness alone can take you anywhere in the world”.

What is talent and Intelligence ?

Walking on a tight rope over Niagara is a talent & Not trying such a thing is called Intelligence.

Success formula to learn from water....

Adjust yourself in every situation and in any shape and most importantly always find out your way.

It is very easy to read HISTORY,
but it is very difficult to write HISTORY.
However, it is possible.
