Vision

To emerge as a World Class Institution of Learning in the art and practice of Citizen-Centric Governance

Mission Statement

To strive towards sustainable excellence in sharing constantly updated knowledge and skills with the personnel serving the government and to promote capacity building and competencies among them

K. CHANDRASHEKAR RAO
Chief Minister
Telangana State

Message

It is heartening to witness the Forty Years Celebrations of Dr. Marri Channa Reddy Human Resource Development Institute, that has been training government servants and promoting excellence in the state services. I find the endeavour of the Institute to train government functionaries and equipping them to serve the State in a manner that vindicates the aspirations and vision of the newly formed Telangana State truly laudable.

I convey my deep appreciation to the efforts of the officers and staff in contributing to the growth of this Institution into a training institute of national repute, and wish that Dr. MCRHRDI continues to work hand-in-hand with various departments of the Government in capacity building of our functionaries, as we take ambitious steps towards the goal of realising a 'Golden Telangana'.

I am very happy to communicate my wishes for the grand success of 40th anniversary celebrations.

K. Chandrashekar Rao

The then Government of Andhra Pradesh established the Institute as Institute of Administration (IOA) in the year 1976 to cater to the training needs of the State Government Officials. The Institute had humble beginnings and operated from many rented premises.

In 1988, the Institute shifted to its present premises, in Jubilee Hills, spread over 30 acres. Classes were continued to be offered at BRKR Buildings and ShakkarBhavan till 1992 since the infrastructure works were in progress.

Dr. Marri Channa Reddy
Chief Minister of Andhra Pradesh
(1978 to 1980 and 1989 to 1990)
The Institution is named after him

ETELA RAJENDER
Finance Minister,
Telangana State

Message

It gives me immense pleasure to convey my greetings on the occasion of completion of 40 years of Dr MCR HRD Institute. The challenge of governance in the country today is the wide variation in the range and depth of potential on the one side, aspirations of citizens and actual delivery on the ground on the other side.

In Hyderabad alone, there are over 50 prestigious training institutes trying to bridge the gap between expectations and achievements in governance. Occasions like this give an opportunity to rethink and redesign the strategies while taking pride in the contribution made by us over the years. I am happy to note that Dr MCR HRDI is exceptionally exerting itself, through its officers and staff, up-dating its training techniques and modus operandi to suit the present day challenges of governance.

It is my privilege to appreciate the efforts of the staff and officers on this occasion, and I convey my earnest wishes for your continued success.

Etela Rajender

Message

As Dr. MCRHRDI completes four decades of its eventful journey, starting from a quarter in Errum-Manzil Colony in 1976 as the Institute of Administration, to being one of the premium training institutes in the country today, I wish to convey my hearty greetings to all the officers, faculty and staff of the Institute. As the role of the Government has been changing in keeping with the demands of globalisation and liberalisation, the challenges faced by public servants have changed too and the need to equip them adequately to deliver what is demanded of them has been tremendous. As the State Government's Apex Training Institute, Dr. MCRHRDI has played an extremely important role in building the capacities of the State Government employees and enable them to develop into knowledgeable and skilled professionals. In the past few years, the Institute has earned recognition at the national level also for its capacity to impart quality training in various aspects of governance as seen from the large number of Government of India programmes, including courses for Central Civil Services, that are being conducted here. This is in no small measure on account of the vision and leadership of successive officers and the enthusiasm, diligence and hard work of the faculty and staff, who have continuously been engaged in the process of reviewing and customising the training programmes to suit the changing environment of governance.

I am confident that the same vigour and spirit will continue and the Institute will reach greater heights in the years to come.

I exhort all the officers, faculty and staff of Dr MCR HRDI to continue to work with the same passion and dedication and contribute to the development of committed and professional public servants. I wish you all success in your present and future endeavors.

Rajiv Sharma

VINOD K. AGRAWAL, IAS
Director General,
Dr MCRHRDI

Message

I am overwhelmed to share the pleasure on completion of 4 decades of reputed existence of Dr. Marri Channa Reddy Human Resource Development Institute. Originally established as IOA in the year 1976, it has been promoting excellence in governance by striving to equip the public servants with necessary skills for meeting ever changing aspirations of people & demands on governance.

Over the 4 decades of its existence, it has grown from a quarter in Irrum Manzil Colony to a sprawling campus of about 30 acres in prime Jubilee Hills of Hyderabad, possessing state-of-the-art facilities to house and train almost a thousand trainees at a time. More importantly it has grown not only as the apex training institute of the State but also virtually a national level training institute. We take pride that when it comes to quality training for the government servants, even to the highest cadre, we compete with the best institutes in the country.

Our faculty, both in house & guest, are an ideal blend of practitioners, administrators, trainers, academicians & researchers. They deftly combine rich field experience with strong academic inputs providing an ideal learning eco system. It is their endeavour, combined with a committed support system that prods us to achieve higher & higher levels of excellence.

With the aim of becoming an eco-responsible organization, a slew of initiatives have been taken in the recent past. Moving towards making the Institute a disabled friendly one is another goal that we are actively working towards. We hope these would be emulated in organisations across the state and beyond, by our trainees.

As the Institute completes 40 years of its remarkable journey to being one of the most favoured destinations for meeting the training and capacity building needs of public servants across the country, we rededicate ourselves to the promotion of excellence in governance. It will continue to be our endeavour not only to develop & dissipate knowledge but also to provide an effective platform for transmission of administrative wisdom from one generation to other.

Our achievements are substantial and our aspirations are enormous.
Our aims are high because सितारों से आगे जहाँ और भी है...

Vinod K. Agrawal

- ◆ **Dr Marri Channa Reddy Human Resource Development Institute,** functioning in its own campus in Jubilee Hills, is apex and nodal agency for all training activities pertaining to government. The Institute has state of the art facilities for both teaching - learning as well as for lodging and recreation.
