Dr. MCR HRDIT has been involved in the capacity building of state govt. employees conducting training programmes under six centres with various disciplinary/domain areas. Apart from conduct of training programmes, it is also felt necessary to involve the centres in R&D activity. This requires strengthening of centres with adequate support staff and personnel with expertise in domain area/private sector and other upcoming/emergent fields.

Accordingly, it is decided to commence Internship programme in the Institute. To start with each centre can take one intern for a duration of up to a maximum of (3) three months with an honorarium of Rs.15000/- per month to cover expenses. Centre heads can select the students enrolled in Masters/Ph.D. programmes related to their centres for working as an intern.

Similarly, it is also decided to commence Fellow programme. Senior officers/academicians working or retired can be taken as Fellows for one or two years under "Fellow programme", on honorary basis. Appointment letters can be issued for up to one or two years.

The Centre Heads to initiate action for the above and seek approval of the competent authority.
