Anganwadi

- 2 Anganwadi Centres – 1 Main Centre, 1 Mini Centre (majority includes SC Children).
- Total Enrolment - 97
 - 0-3 years age - 82, 3-5 years age – 15
- Weight monitoring program is organized every month for children of age 0-5 years, pregnant women and lactating mothers.
- Every children is monitored through an application called NHTS (Nutrition and Health Training System). All children were found to be healthy except 1 child.

Special Mention

- ▶ An Anganwadi worker, Ayesha, was awarded with the Best Anganwadi Worker of the district in 2014 for her dedicated service.
- ▶ She is serving as AWW for nearly 20 years in the main Anganwadi centre of the village.

Issues

- Less Extra-curricular activities in high school due to heavy academic pressure.
- Lack of equipment in lab.
- Water supply to toilets was not available to children in the main Anganwadi centre. They have to use the ones attached to the high school.
- Clean drinking water was not available in the Anganwadi centre. Children need to bring their own water.
- Poor maintenance of Libraries.

Health Sub Centre

- Health Subcentre with 1 ANM and 2 Aasha workers.
- Disease profile – Hypertension, Diabetes and Typhoid
- PHC (Chandurthi) is 8 Km away from the Village.
- Ambulance service is available from the Mandal PHC.
- Vaccination program is organised every Wednesday for children and pregnant women.
- Awareness Program is organised every month on Child nutrition and cancer
- To control increasing cases of Hypertention and Diabetes monthly checkup is conducted for people above 30 years of age under the NCD Programme.
- 100% institutional Delivery
- One Private medical shop

Health Sub-Centre

With ASHA & ANMs

PDS Ration Shop

- Two types of cards
 - AFSC Cards (for below BPL families) - 27 cards (35 Kgs rice per card)
 - FSC Cards (for BPL families) - 640 cards (6 Kgs rice per unit)
- Total storage capacity - 150 Quintal.
- Provides food security and reduce food expenditure burden on BPL families.

Issues -

People raised concern about the quality of food grains.

PDS shop provides rice only.

RATION SHOP

GODOWN

BIOMETRIC

PDS
INCHARGE

Self Help Groups

- Number of SHGs – 46
- Total members - 453
- Total 44 Lakh loan from banks.
- Engaged in micro food processing units, Kirana shops, Dairy farms & Tailoring.

Impact

Agriculture

- **Agriculture is major occupation(around 75% population involved)**
- **Marginal farmers- 636, small farmers- 342**
- **Total cultivated area- 2850 acres**
- **Major crops- paddy(around 1500 acres), Cotton- (around 600 acres)**

Others crops are Bengal gram and maize

- **Total irrigated land- 250 acres**
- **Major sources of irrigation- borewells, openwells**
- **Rainfall- 900mm**

Issues-

- **Monoculture of Paddy crop in Both Rabi and Kharif Seasons**
- **Lack of Diversification of crops**

Cotton Fields

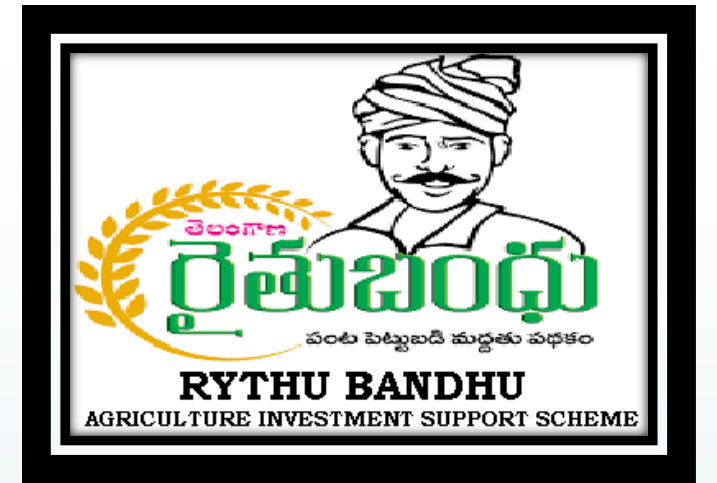

Paddy Fields

Borewell

Farmer's Welfare Schemes

Rythu Bandhu

- Providing Investment Support Agriculture and Horticulture crops by way of grant of Rs. 5,000/- per acre per farmer each season for purchase of inputs like Seeds, Fertilizers, Pesticides, Labour.
- **Coverage**- 1224 Farmers availing benefit amounting 1.42 crores

Crops	Farmers
Paddy	1079
Cotton	284
Mango	6

- **Impact** -

All the covered farmers are availing timely money to buy inputs, avoiding credit from money lenders.

Rythu Bima

- Cover's the life of farmer's family in the event of his/her demise through payment of RS. 5 Lakh to the nominee.
- **Coverage** – 847 farmers are enrolled and 11 claims till now.
- **Impact-**

Provides financial relief and social security to the family members in case of farmer's loss of life, especially benefitting small and marginal farmers.

రీతు వేదిక
కస్టోమర్: మూడపల్లి.

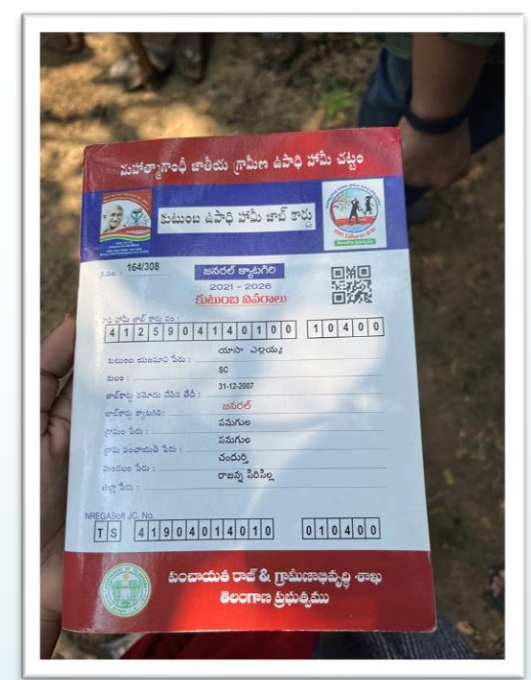

Rythu Vedika

- ▶ Help in mobilising the farmers to organise themselves into groups for attaining their ultimate objective of getting remunerative prices, better marketing facilities, higher productivity and ultimately making agriculture profitable.
- ▶ This Rythu Vedika recently built last year is located at Bandapally Village, nearby Sanugula village.
- ▶ On our visit, B.Sc Agriculture internship students of PJTSAU (PROFESSOR JAYASHANKAR TELANGANA STATE AGRICULTURAL UNIVERSITY) in an exhibition showcased various agricultural techniques like Vertical farming, Mulching, Hydroponics farming etc. for improving productivity and promoting crop diversification.

MGNREGS

- Total Job Cards – 501
- Total no. of workers – 985 (Significant Pop.)
- Active Job Cards – 325
- Active Workers – 520
- Average days of employment – 100
- Average Wage Rate – Rs. 245 but for FY24 Avg. wage rate notified by Govt. for Telangana is Rs. 272
- Payment of wages usually done within 10 days.
- Capturing of attendance through NMMS(National Mobile Monitoring System)
- Works under the scheme includes feeder channels, nursery raising, plantation under Telangana ku Haritha Haaram scheme.

Issues

- ▶ Demand and supply of Unskilled Manual Work is not uniform, on an Avg. there is less demand of work.
- ▶ Wage Rate notified by the government for Telangana is Rs. 272 but the workers are getting Rs. 245 because they are doing less measured work than what is required.
This negates the effect of wage rate revision increment recently done by the Government.

Plantation work carried out by Mgnregs workers

Interaction with workers

Telangana Ku Haritha Haaram

- ▶ A flagship programme of the Telangana Government to increase the present 24% tree cover in the State to 33% of the total geographical area of the State.
- ▶ Total saplings planted in the village – 48000
- ▶ Survival percentage - 90 %.
- ▶ Impact –
 - reduction in pollution levels
 - lowering in climate temperature.
 - increase in wild resources

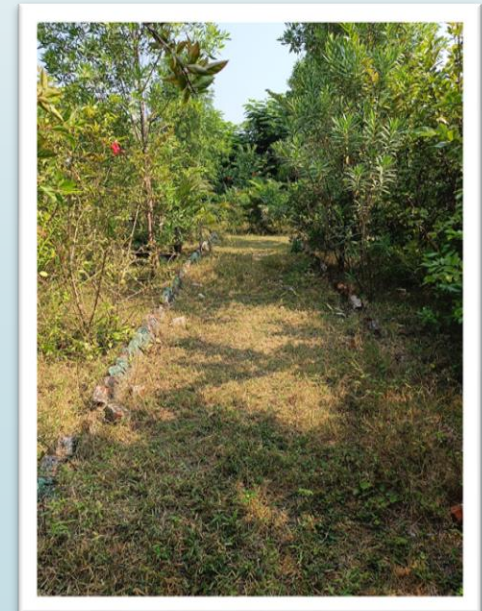

Vaikuntha Dhaamam

- ▶ This scheme aims to built a dignified place for last rites for villagers to cremate their dear ones.
- ▶ **Status-** Presence of well-maintained crematorium with all the required facilities like running water and electricity.

Palle Pragathi Vanaalu

- Scheme envisions to build a Park in every village for community gatherings and physical activities.
- Achieving twin objectives of increasing green cover and improving sanitation in villages.
- In this village, compost shed, dumping yard and Nursery are also built for sanitation management.
- **Status**- The park is not well maintained.
- **Usage** – Due to its long distance from the main village settlement, the park is less used by the villagers.

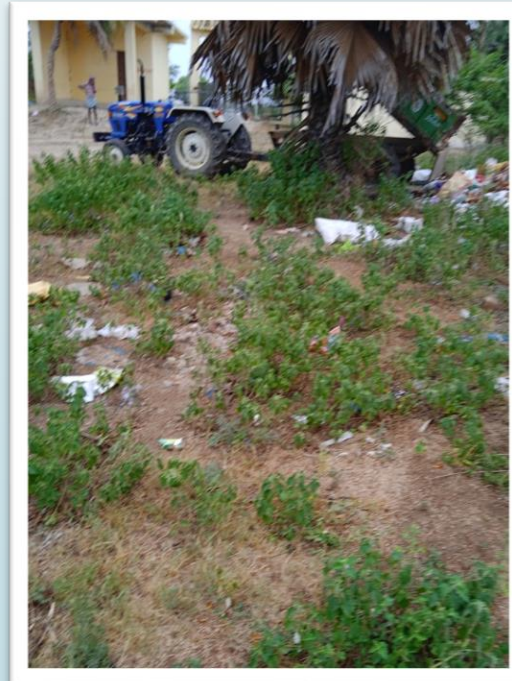

Compost Yard

Nursery

Dump Yard

Swachh Bharat Mission

- ▶ Under SBM, the village has achieved ODF+ status last year.
- ▶ 100% coverage of House Hold Latrines
- ▶ Overall the sanitary status of the village is excellent with clean concrete roads and sock pit drainage system, thus having zero open flowing nalaas.
- ▶ Various village cleaning drives are being held with mottos and hoardings all over the village to promote cleanliness.

Special Initiatives

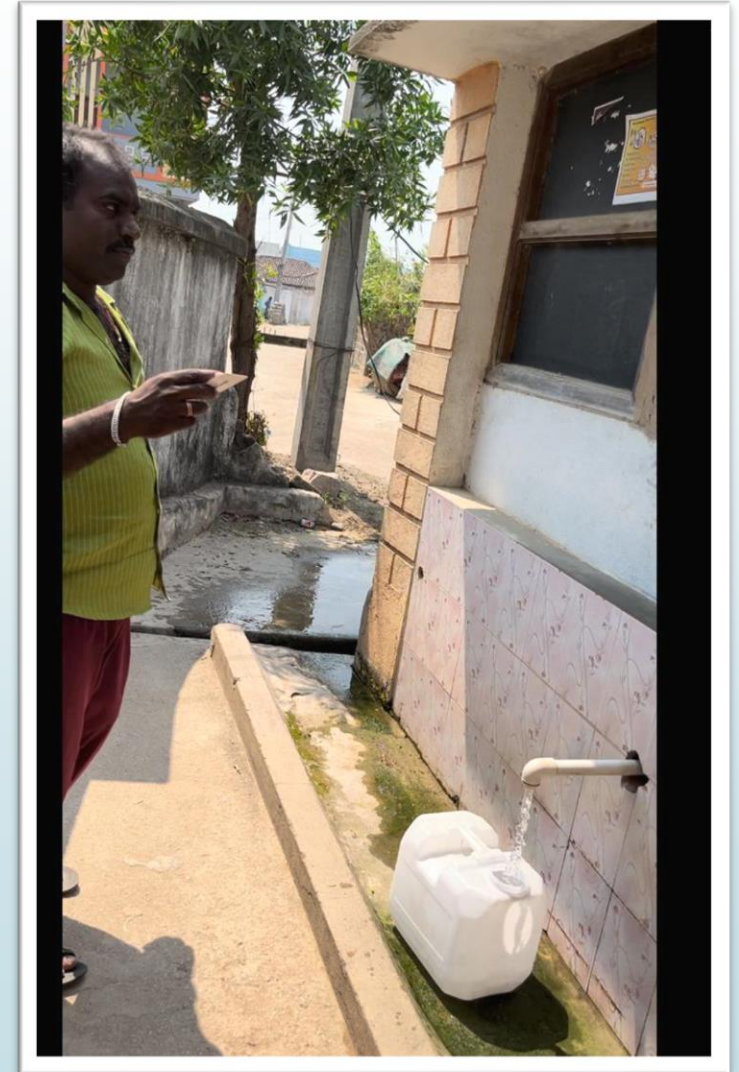

DRY DAY(FRIDAY)

- ▶ Weekly Dry Day (Friday), an initiative to prevent dengue, malaria and other vector-borne diseases.
- ▶ In this, ASHA workers go to each households & schools to disinfect tanks and other possible larva growth sources.

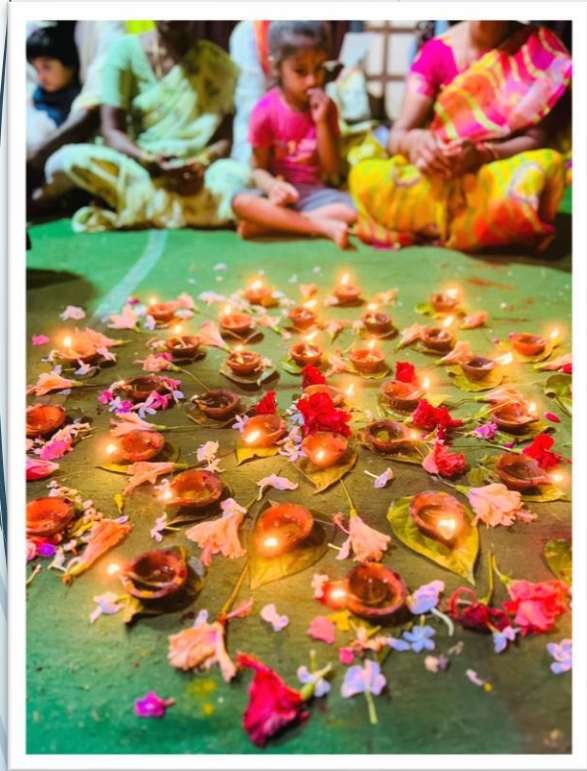

DRINKING WATER PURIFIER

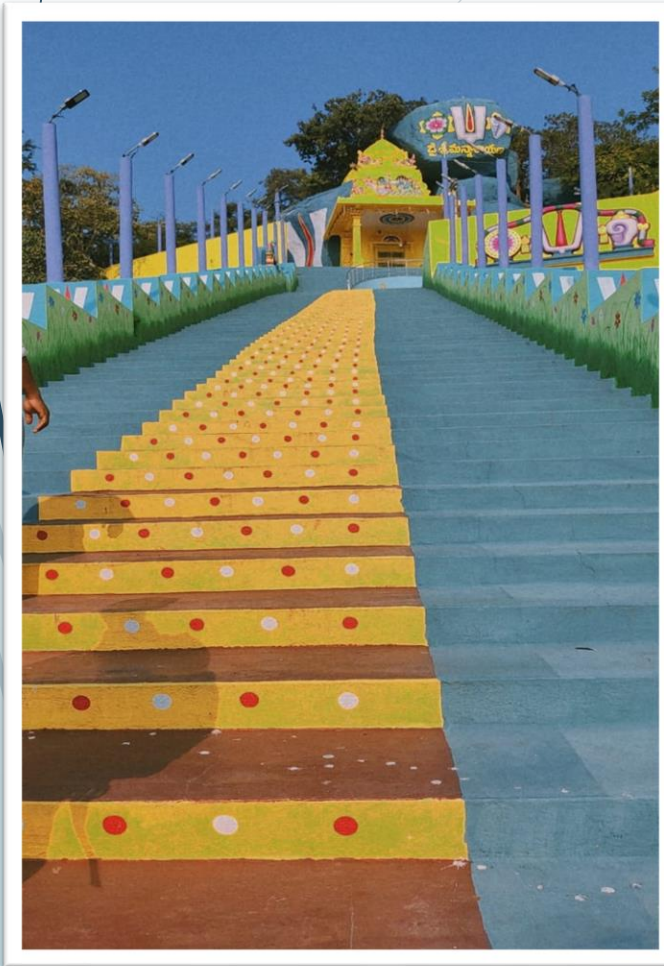

- ▶ A german based NGO, SEWS had setup a drinking water purifier for the villagers that operates through a rechargeable card.
- ▶ Affordable rates @ Rs. 5 for 20 litres.
