- 
- Constructing or structuring a national identity using the power of the state
 - Unifying the people within a country, so that it would remain politically stable and economically strong to provide welfare to the people and steer the nation in right direction.

Issues affecting the above are :

- Policy making has become routine
- Governance used for appeasing vote banks
- Accumulate wealth for ensuing elections
- Political fraternity
- Politician – Civil servant nexus
- “Voted for our party” syndrome
