

Literacy Rates

IN-DEPTH ANALYSIS OF JOGULAMBA GADWAL DISTRICT

Purpose of the Analysis

- ❑ District wise analysis revealed that the literacy rate is below state average in 26 out of 31 districts.
- ❑ Jogulamba Gadwal is the lowest performing district with 49.87 literacy rate.
- ❑ In-depth analysis of the district is required to understand actual location of the low literacy rate at the desegregated levels of mandal and village.
- ❑ Therefore an in-depth analysis has been taken up at mandal and village levels based on the Census 2011 data available.
- ❑ Also laid out certain insights / observations / recommendations and proposed a study to identify the 'why-factor' i.e., reasons for the low literacy rates in the district.
- ❑ Lastly, factors to be taken into consideration for the proposed study is also described.

District Level Literacy Rates In Telangana State

Patterns of Literacy rates by Age / Gender in TS

Well performing and not so well Performing Districts...

Mandal wise literacy rates by Gender - Jogulamba

Mandal Wise Literacy Rates by Gender - Jogulamba

Note: Only few mandals showing literacy rates above State and District averages with respect to 'Total' and 'Male'; it is further less in 'Female' literacy rate.

Literacy Rates in **Top** & **Bottom** Five Mandals - Jogulamba

Urban Rural Parity in Literacy Rates - Jogulamba

- The average literacy rate in Rural area (from all 12 mandals) is only **47.30**
- The average literacy rate in Urban area (only from 1 mandals) is **71.57**

Insights

- ❑ Total Mandals - 12
- ❑ Urban Mandals - 1 (8.3%)
- ❑ District Average Literacy Rate (>6 age group) - 49.87
- ❑ Mandals Above District Average - 7 (58%)
- ❑ Mandals Below District Average - 5 (42%)
- ❑ 1 urban mandal is above district average. (Gadwal).
- ❑ 6 rural mandals are above district average.

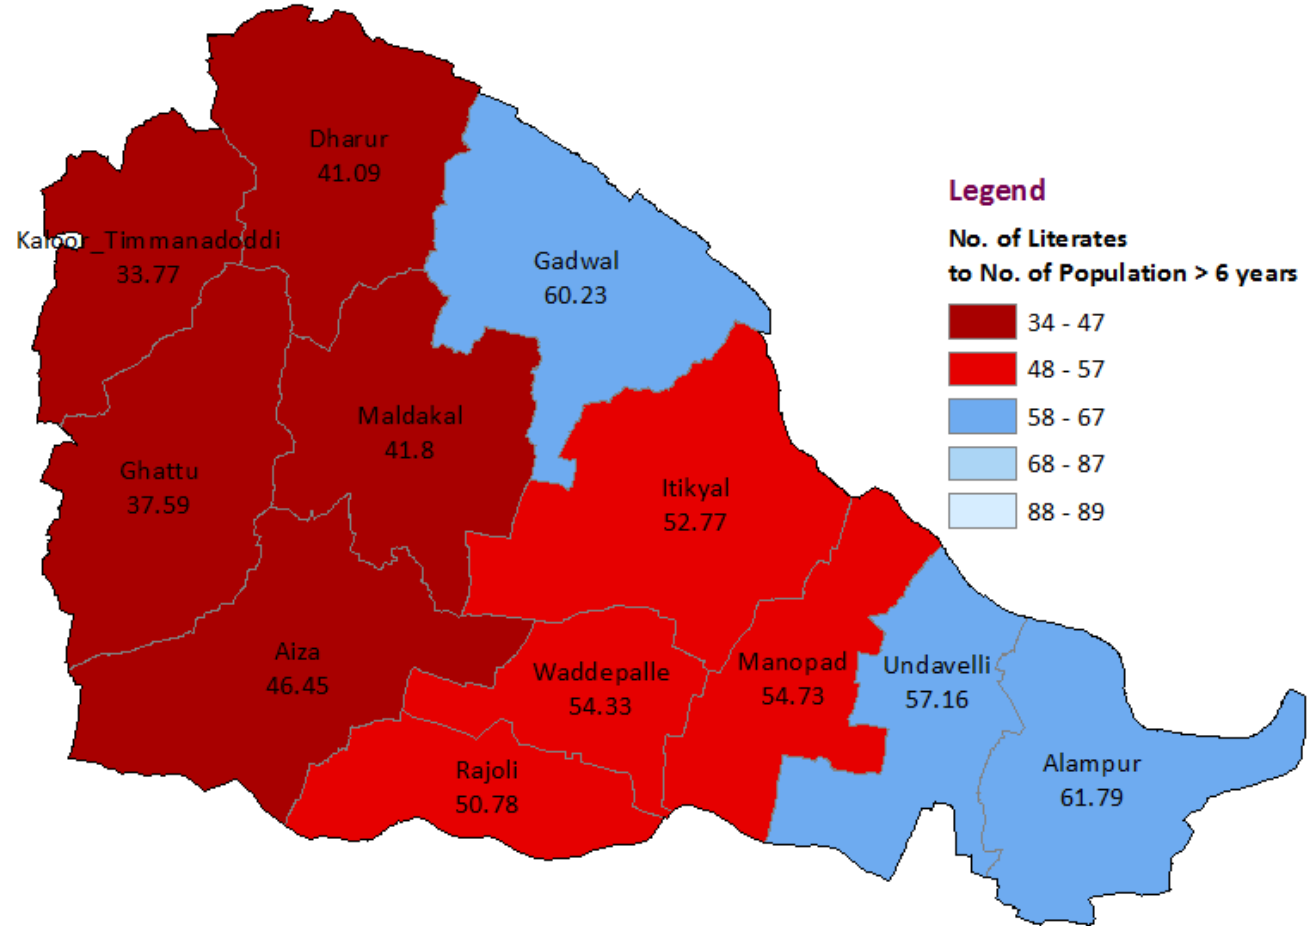

Insights...

- ❑ The proportion of literates to total population (excluding the age group of 0-6) for the district total is 49.87, Rural 47.30 and urban 71.57 percentages respectively.
- ❑ The literacy rate of males 60.05% in the district is higher than the females 39.48%. Gadwal mandal reported the highest literacy rate of 71.57% for total and also reported the highest literacy rate of 71.57% for urban and Alampur mandal reported the highest literacy rate with 61.79% for rural.
- ❑ Gadwal mandal shows the highest male and female literacy rate for total and urban with 79.67% and 63.30%.

DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE

Range of literacy rate for villages	Number of inhabited villages	Percentage distribution of villages	Population	Percentage distribution of population
0	0	0.00	0	0.00
1-10	0	0.00	0	0.00
11-20	1	0.5	2146	0.4
21-30	11	5.5	23569	3.9
31-40	35	17.6	102893	16.9
41-50	66	33.2	197454	32.4
51-60	58	29.1	166934	27.4
61-70	20	10.1	60728	10.0
71-80	7	3.5	53082	8.7
81-90	1	0.5	3184	0.5
91-99	0	0.00	0	0.00
100	0	0.00	0	0.00
	199	100.0	609990	100.0

- 66 villages are recorded in the range of 41-50 literacy rate with 32.4% of the total district population.
- 58 villages are recorded in the range of 51-60 literacy rate with a population of 27.4%;
- 11 villages are shown in range of 21-30 literacy rate with a population of 3.9%.
- 1 village is there in the range of 11-20 and 81-90 literacy rate.
- No villages report above 90% literacy rate and there are no villages without literacy.

Recommendations

- ❑ The district authorities may take remedial measures to improve the literacy rate in the mandals / villages where the literacy rates are below district / state average.
- ❑ The district authorities have to identify the reasons for the low literacy rates in rural areas and initiate necessary action to improve the literacy rate.
- ❑ Female literacy to be given top priority as there is huge gap of about 21% between male and female literacy rates.
- ❑ Focus to be given in two mandals viz., Kaloor_Timmanadoddi and Ghattu where literacy rates are below district average despite urban area.
- ❑ Best practices, success stories of the best performing mandals to be shared with the low performing mandals.
- ❑ Training needs of teachers to be assessed and organize trainings / orientation programmes
- ❑ Community mobilization programmes to be organized for enhanced enrolment of the out of the school children into schools.
- ❑ Student-Teacher (S/T) ratio is to be improved
- ❑ Necessary initiatives to be taken to improve infrastructure in remote areas of the district.
- ❑ It may be desirable to have a study to assess the reasons contributing for less literacy in low performing mandals / villages.

Factors to be taken into consideration for the study suggested

- ❑ Poverty
- ❑ Institutional support systems
 - SSA
 - Residential Schools
 - Bridge Schools
- ❑ Infrastructure
- ❑ Migratory issues
- ❑ Imbalances in the social structure
- ❑ Teachers Vs Vidya Volunteers
- ❑ Variation of literacy rates in different age groups at mandal & Village level
