Traditional occupations

4G enabled village

Tech aided childhood

Rythu Vedika

- Rythu vedikas are unique structures built under Rythu samanvaya samitis, where farmers come together and discuss about agriculture.
- It is a big building which is used for farmers meeting and and grains storage as well.
- It will be maintained by Rythu samanvaya samiti chairman and the mandal Agricultural extension officer.

Vaikuntha dhamam

- A village crematorium.
- Built with an expenditure of Rs 12 Lakhs.
- It has 2 changing rooms for men and women.
- 2 burning beds for burning dead bodies.

Mission Bhagiratha

- Tap drinking water to all households.
- A gram panchayat water tap is also available.

Visit to fields

- Visited ground nut, paddy crops and orchards.
- Good availability of water resources through ground water, rain water and mission Bhagiratha.
- Farmers are informed about Govt initiatives by Agri extension officer.
- Farmers getting input subsidy through Rythu Bandhu.
- Farmers shifting from Paddy to other crops on Govt instructions.

Visit to the Nursery

- Nursery developed under Telangana ku Haritha Haram scheme.
- Two types plantation available -
 - Avenue plantation
 - Horticulture plantation
- 1 Lakh saplings planted in last year.

Green saplings for Haritha Telangana

- A ward member managing her ward and her vegetable shop as well.
- *Clicked this pic on Women's day.*

Visit to Primary school

- Number of students - 161
 - Boys - 89
 - Girls - 71
- Teacher strength - 5
- The school land was donated by Burgula family.
- Issues:
 - Single washroom for whole school and staff.
 - Head Master post is vacant.
 - Lack of extra curricular like sports.
 - Pending and untimely wage payment to mid day meal staff.

Primary school Burgula

Visit to High school

- School strength - 396
 - Boys - 218
 - Girls - 178
- Staff - 16 teachers
- Achieved 100% pass percentage in last 3 yrs
- Issues:
 - Caste mentioned in attendance roll.
 - Head Master post vacant.
 - No attender and sweeper.
 - Poor maintenance of computer lab.
 - Outdated library with old books.

Dined with students mid day meal

Visit to Anganwadi school

- Staff - 1 teacher and 1 worker.
- Provides admission to small children as play school.
- Provides quality food to infants, lactating mothers and school kids.
- Issues:
 - Small school premises - congested.
 - Lack of toilets.

Visit to Primary Health centre

- Well maintained PHC serving to 45,858 people.
- Many NGOs and companies are providing medical equipment. Eg: Rotopack, a company nearby has donated 10 medical beds.
- Has 8 sub centres with 8 ANMs and 35 ASHAs.
- Average footfall per day is 50-60 patients.
- **Issues:**
 - Doctor position is vacant and is given as an incharge to adjacent PHC doctor.
 - Patients visiting RMP (Rural Medical Practitioner) in emergency cases.

- Ayurvedic tablets - first time manufactured in Telangana, instead of powder.

MGNREGA work site - De-silting lake

- Villagers owning up works and enthusiastically participating.
- **Issues:**
 - Late wage payment.
 - SC community workers getting late wages.
 - Only one Engineering Consultant (EC) for 17 mandals to assess work site.
 - Poor assessment of work by Field Assistant leading to low wages. Eg: The maximum payment was Rs.240 but majority were paid around Rs.186.

Visit to SHG centre

- SHG groups - 44
- Number of women enrolled - 440
- Loans provided by - AP Gramina Vikas Bank
- Loans taken - 2 Lakhs per group

- Interacted with SHG members - 44 groups (440 members)
- Loan received and some invested in capital goods like cows. While some used for personal use like house construction, educational expenses, etc.
- **Issues :-**
 - Most loan was utilised for personal use.
 - Lack of guidance on financial management and lack of entrepreneurial activities by SHG members.
