IMPLEMENTATION OF GOVT SCHEMES

Mission Bhagiratha

The vision of Mission Bhagiratha owes to the success of Siddipet comprehensive drinking water scheme (Tap to each household)

Objective : To ensure safe and sustainable PIPED drinking water supply to each and every household

Providing 100 LPCD for Rural areas

In Gaigollapally Village 414 Tap connections provided

Issues Faced : Only during power shortages the water supply rationed

Recommendation: 24x7 water supply to all household

Interaction with kids at Anganwadi

Ration Shop in Village
 Total- 905 FSC Cards
 55 ASC Cards

Post Office
 Pension Accounts- 371
 Savings Account- 250

Recommendations/Action points

- Health sub-centre is an important requirement for the village to serve the high population.
- A High school in the village or a nearby village for the easy access of children to education after Class 7th.
- SHGs in the village need to be strengthened to start new small scale industries thereby making women more independent and empowered.
- The farmers need to shift from the conventional crops like paddy, chilli to cash crops like vegetables, flowers as water availability is there.

THANK YOU
