

# Village Visit to Kummera, Tadur Mandal

From 13<sup>th</sup> Nov 2015 to 19<sup>th</sup> Nov 2015

# Group Members

- Akhil
- Dinesh
- Kalmeshwar
- Pradip
- Raghav

# The Village

# Resource Map

# Social Map

# Venn Diagram

# Issues

- Monsoon Dependent Agriculture
- Irrigation not harnessed
- Groundwater Depletion
- Incomplete Canal Work

- Lack of Employment facilities for youth
- Inadequate number of roads inside the village(esp to School and Health Centre)
- Lack of functional toilets in the school
- Barefoot Children

- Shortage of Physical Infrastructure in school
- Seasonal absence and dropout rates in School
- Non functioning Computer lab
- Liquor problems
- NREGA v Harvest

# Suggestions

- horticultural crops be encouraged
- proper canal system providing assured supply of irrigation
- invest in the dairy sector and better infrastructure at the poultry farms

- Drudgery of the cooks could be drastically reduced with the use of at least smokeless chulhas
- Footwear for school Kids
- Proper sanitation in schools
- Possible to utilise this land for constructing community toilets
- Need of a classroom and computer teacher must be fulfilled

- Durable and useful assets through MNREGA
- Harmonising NREGA work with Harvest
- Biometrics for purchasing rations, rather than simply signatures or thumb impressions

Thanks
