SUCCESS STORY 1

I always thought English was difficult subject to learn. I was not able to speak and write in English. But English was made to learn in a fun way by conducting activities, having conversations, singing songs and dictation of easy words. slowly I started enjoying English. I can now understand and able to frame few sentences on my own. I am thankful to Nirmaan and Nagarani teacher for teaching us English.

SAP SUCCESS STORY 2

I joined in 6th class in ZPHS kothaguda school, my two sisters also joined in this school because here we have all facilities in school and we have ALP class also me and my sisters are ALP students when I am in 6th class I don't have any knowledge about the society and education. After joining the ALP class I changed my attitude from scary person to active kid, our ALP trainer thought the knowledge about the education and she encourage us to participate in school activities and today I'am a senior member of student police cadet. Me and my ALP friend Vasantha laxmi and her sister bhuvana participated in SPC programs in Hyderabad.
