AGRICULTURE ...

- Village lacks piped irrigation facility. Thus, entire irrigation is from borewell. Consequently, ground water level has dropped to more than 550 feet.
- Electricity for borewell is provided almost free of cost. Only ₹30/month is charged for connection.
- Villagers do not have access to Crop insurance as their land holding is small so banks do not entertain them.
- Farmers have KISAN CREDIT CARD through which they get crop loan at 7%. If loan repaid within 1 year interest is waived off

Thank You...
