UNDP Career Guidance:

- Enabling career advancement through career guidance and counselling in TW Girls Ashram Schools and Colleges is being taken up in collaboration with UNDP. The program includes a module on life skills, menstrual health and hygiene and child abuse for 10,000 girls in TW institutions.
- The basic objective of introducing the career guidance and counselling centre in TW girls institutions which will create a career development ecosystem supported with an “On-line aspirations assessment tool and interface with expert counsellors. The centre will be a platform for students to avail information on career guidance and counselling services by trained in-house counsellors.

The following are the value additions in the project:-

a. Provides Information, Psychometric profiling & career guidance to students.

UNDP will be providing the technical support by providing a web based career guidance portal through a qualified technical agency. It also arranges for career counsellors for face to face & remote counselling.

b. The project provides life and job readiness skills facilitation.

The specific sessions will be organised for imparting life skills including child protection and menstrual hygiene to the students. For college students job readiness training will be conducted to enhance their skills and prepare them for work world.

c. Facilitate establishment of linkages of industry or private sector.

Industry linkages will be facilitated with the colleges by UNDP for students exposure to industry through industrial visits, internship, increasing their work readiness (employee volunteering for guest lectures, mock interview, etc..) as well as placements support. UNDP through the technical agency will facilitate linkages with 10-15 business firms for industrial visits, organised short term internship opportunities and job placement for students.

d. Training of select college teachers as trainers and counsellor for career guidance and counselling.

Therefore 2-3 teachers from each school and colleges (depending upon the students strength) will be identified and trained as trainers to facilitate administration of tests to students, analyzing the tests and giving career guidance and counselling to students.

e. Expected Results

- Approximately, 18500 students especially girls will undergo psychometric assessment & career guidance/ counseling.
- Around 5000 girls students will undergo industrial visits & exposure.
- 500 girl students will be provided soft skills and job readiness training.
- 500 girl's students will be provided apprenticeship, internship or job opportunities.

Academic inspections of Ashram Schools

- Academic inspections are conducted with an aim to improve the academic quality comprehensively in TWA Schools and to guide the teaching staff for improvising their knowledge and teaching standards. It is helpful for grading the teachers and institutions on which decisions may be taken for conducting orientations to the teaching faculty and strengthening infrastructures in the schools.
- The Academic Panel is constituted with PGHMs and Sr. Teachers of TW Ashram with the following team members and team head.
